PHONE: (08) 9524 2053 FAX: (08) 9524 2519
HOURS: 7:30am – 4:00pm except Good Friday & Christmas Day

ASBESTOS DISPOSAL INFORMATION

Asbestos will only be accepted at the City of Rockingham Millar Road Landfill Facility under the following conditions of entry:

- All asbestos must be **wrapped and sealed** in plastic and remain wrapped when off loaded. A minimum standard of 0.2mm PVC plastic is required for wrapping. It is suggested three sheets per wrap. During travelling the plastic may tear, so bring packing tape with you.
- Unloading is the responsibility of the customer, so make the package sizes manageable. Do not purposely break up sheets to fit into bundles. **Asbestos is NOT permitted to freefall** to the ground and therefore may need to be craned or lifted off using heavy machinery. The lining of bins or truck bodies is not acceptable as it cannot be tipped and remain wrapped.
- **24 hours notice** must be given to Council's Landfill Facility prior to disposal, on 9524 2053.
- Asbestos is only accepted between the following times:
 - Monday to Friday between 8:00am to 3:00pm
 - Saturday 8:00am to 12:00pm
 - Sunday 8:00am to 10:00am
 - Disposal outside these hours negotiable
- Cars and trailers may dispose of up to 1 cubic metre of asbestos with a City of Rockingham tip pass or on payment of the standard entry fee to the transfer station (\$20.00 minimum for car, ute or 6x4 trailer). Trailers carrying more than 1 cubic metre of asbestos will incur higher entry fees.
- Asbestos mixed with soil must be dampened and covered during transport. Prior arrangement for disposal of this type of material is required.
- Heavy vehicles and any loads greater than 1 cubic metre will be charged at \$80.00 per tonne (this includes 10% GST and \$3 per tonne Govt. Levy) and a \$60.00 burial fee per vehicle entry. The minimum charge over the weighbridge is one tonne and the burial fee.
